

CNET Asia Ad Specifications: Expandable Leaderboard

Placement Example:

<p>Eligible Ad Units</p> 	<p>Leaderboard – 728w x 90h pixels</p> <p>Contact CNET Networks for specific placement opportunities. Click here to locate your sales representative.</p>
<p>Expand Dimensions</p>	<p>Leaderboard</p> <p>Cannot expand beyond its original width and can expand vertically by no more than 310 pixels from the bottom edge of the creative.</p>
<p>Expand Action</p>	<p>When the user's mouse cursor is over the leaderboard, the expanded portion should be shown. And when the user's mouse cursor is out of the expanded or the leaderboard region, the expanded portion (728x400) should then be retracted to the leaderboard size (728x90). There shouldn't be a transparent 728x400 layer residing when the expanded portion is closed</p>
<p>Maximum File Size</p>	<p>GIF : 25k Flash : 50k</p>
<p>Image Types</p>	<p>GIF, JPEG</p> <p>When the user's browser can't handle a flash ad, default image ad must be served. This image ad should not have any 'Roll Over' messaging since it is a general 'Click here' banner and must be GIF or JPEG format.</p>
<p>Flash</p>	<p>Version: Macromedia Flash Version 5 or Flash MX/6 only</p> <p>If CNET Networks is hosting the Flash creative, please ensure that clicktags* are first encoded. For detailed information on tracking and clicktag implementation, please refer to:</p>

	<p>http://asia.cnet.com/services/adgallery/clicktag.htm *If CNET Networks is hosting the Flash creative, please ensure that clicktags are first encoded.</p> <pre>on(release){ getURL(_root.clickTag,"_blank"); }</pre> <p>For detailed information on tracking and clicktag implementation, please refer to: http://asia.cnet.com/services/adgallery/clicktag.htm.</p>
<p>For multiple movie tracking</p>	<p>For tracking multiple sub movies within the flash movie separately, each sub movie must be provided a unique click tracking string variable. The clickTag variable is still being used but it is followed by the next incrementing number for each click in the sub movie starting with clickTag1; so the first click will use clickTag1, the second will use clickTag2, and so on) with a maximum of 5 unique clickTags.</p> <p>For example :</p> <p>For the first click:</p> <pre>on(release){ getURL(_root.clickTag1 + "submovie1.swf","_level2"); call ("_level99.movie1"); }</pre> <p>And for the second click and so on:</p> <pre>on(release){ getURL(_root.clickTag2 + "submovie2.swf","_level2"); call ("_level99.movie2"); }</pre> <p>Creative must be delivered as a .SWF (Flash Player File)</p>
<p>Frame Rate</p>	<p>20 frames per second maximum</p>
<p>Alt Text</p>	<p>Optional and must be limited to 60 characters.</p>
<p>Linking URL</p>	<p>An active URL must be provided and cannot exceed 128 characters.</p>

Audio/Video User Control	Sound must start in the off position for all movies. The use of audio streams that last one second or longer must be initiated by click only with a clearly labeled Audio on/off button. Sound under one second is allowed for mouseover events (this refers to "click or "beep" sounds). However, if deemed too distracting, CNET Networks reserves the right to ask that the advertiser remove them.
Testing	All creative must function uniformly on both Mac and PC platforms as well as multiple browser versions of Netscape, Internet Explorer, Firefox, and Mozilla. If the rich media creatives will not display properly in some browsers, at least a default GIF/JPG must be shown.
Third Party Tag Format	JavaScript tags with a NOSCRIPT portion are required for expand ads.

Third-Party Serving Guidelines

- Third-party tags must serve a default GIF/JPG for browsers that do not support rich media.
- CNET Asia must approve all creative prior to launch.
- CNET Asia prohibits creative substitution or modification, via the Third-party vendor, to existing campaigns without prior approval.
If creative is changed through the third-party vendor without prior approval, campaigns will be immediately inactivated until creative complies with our specifications.
- "Fourth-party" serving is not supported.

Submission Guidelines

Please send e-mail to mediasales-sg@cnet.com
